Statement Of Affirmation

Community Foundation Boulder County is committed to being a community catalyst for good, alongside donors and partners like you. We believe our community is stronger when all people - women and men, children, older adults, immigrants, people of color, GLBTQ individuals, those with varying abilities and from all faiths - are respected, welcomed, and invited to share their assets and contributions in community building.

We stand with others, in Boulder County and beyond, who courageously strive to build more inclusive communities rather than walls of division. We remain wholeheartedly committed to social justice for our most marginalized and vulnerable people and for the care of threatened environments. We believe in the power of art and music to improve our lives and community. Now, more than ever, we seek opportunities for local action and invite you to join us in our **ongoing leadership work** that includes grantmaking, outreach, and advocacy. We accomplish more together than we do alone.
