Your Community Foundation's Vision Of Equity

Your Community Foundation's *strategic plan* is focused on increasing equity in Boulder County. To us, that means aligning our community programming, business, and philanthropic services toward **creating systems where all can thrive**.

The foundation's ability to make a difference is based on our ability to prioritize the following core values:

- Prioritizing those most impacted by inequity
- Following a resident-centered leadership practice of "Do nothing about us without us"
- Accomplishing more together than alone

Thank you for joining us in this work. To keep up with our latest activities, *please subscribe to our blog* from the footer of our website.
